Dear Scott:

Thank you very much for the excellent work for Bucks County Transport, Inc. over the last three years. Revising our employee handbook and providing onsite training to our key staff members was on my "to do" list for quite some time, but would not have been accomplished without your help. As a non-profit corporation with almost eighty employees, we appreciate your assistance reviewing personnel matters that occasionally crop up. Your advice and assistance has helped us prevent employee disputes from becoming more serious matters.

We also appreciate your prompt response to e-mails and phone calls. It is nice to know that our work is as important to our attorney as it is to us. Please do not hesitate to use me as a reference for others who may inquire about your services.

Sincerely,

James A. Raymond  
Chief Financial Officer
